Dear Commissioner:

The North Shore Animal League  
saves abandoned dogs and cats,  
and finds them new homes.

Please act on ~~do not~~  
number 98P-0151/CP2  
to stop the slaughter  
of downed animals  
in human food supply.  
It is scary to think  
of what they might  
carry: BLV, BIV, BSE  
and other diseases.  
This would be a first  
step in the prevention  
of BSE in America.

Thank you  
for your attention.  
Ellen  
Donahue
